The library plays a vital part in the lives of the people in our town. As the needs of the people have grown, so our services have expanded. The Baker River AV Center is located downstairs in the library. Besides the audio visual equipment we have a wealth of reference material there and ready for your use.

National Library Week and Children's Book Week were observed with special displays. Last February thirteen women from the library participated in a "Quest For Identity" program sponsored by the Plymouth Public Library. It was rewarding and fun.

Each month of the school year, we have had a fine exhibit from one of our classes at Russell School. Several of the grades have made trips to the library. We are happy to cooperate with the school in any way that we can.

On August 13, under the direction of the Historical Society, Rumney observed an Old Home Day. A very fine exhibit, depicting the history of the town, was placed in the library. Many people came to view it.

Mrs. Mary Desfosses is the new assistant to the librarian. She is a graduate of Simmons College with a Masters Degree in Library Science. We are pleased to have her on our staff.

We sincerely express our appreciation to **all** the friends of the library who have done so much for us this past year. For the gifts of magazines, books, records, money, and time given we say a **special thank you.**

It is your Library! Come visit us soon.

Respectfully submitted,
Muriel B. Kenneson

**ANNUAL REPORT OF
MOUNT MOOSELAUKEE HEALTH CENTER
1983**

1983 was a year of growth for the Health Center. We were most fortunate when Vona Lorenzana came to be our physician in July, 1982. Since her arrival, the practice has increased, finances are healthier and "Dr. Vona" has come to be loved and respected by her many patients. Use of the Center has increased from 1,434 encounters in 1982 to 2,762 in 1983. Of the 879 people using the Center in 1983, 294 had never been in before. Income from Center users has increased from \$19,338.00 in 1982 to \$35,271.00 in 1983.

As usage has gone up, so have expenses. A slight increase in staff hours has given the Center a part-time bookkeeper and, most recently, a nurse, Equipment, medical and office supplies and lab costs have all risen. Office renovations were necessary to accomodate the extra activity. The Board of Trustees is pleased to report there has been little increase in building maintenance costs. Thus, the request for town appropriations remains the same.

Important services during the past year include the well child, WIC, immunization and blood pressure clinics and the volunteer and Audrey Prouty Memorial Car Safety Seat Programs. The Well Child Program began in July, 1982, funded by a grant from the New Hampshire Department of Maternal and Child Health. At that time, there were five children enrolled. Today, over 130 children have been served, many attending several clinics. We would never have been able to serve so many families were it not for our dedicated volunteers. In 1983, over 40 volunteers spent many hours assisting at these programs as well as joining with the M.M.H.C. Auxillary to raise funds to purchase an EKG machine.

Dr. Lorenzana will leave the area in July, 1984 to pursue her medical career. Much as she will be missed, we look forward to welcoming Dr. William Hernandez, his wife and twin sons to the community. Dr. Hernandez will have completed a family practice residency in Hartford, Connecticut and comes to the Health Center, at least for the immediate future, with a salary from the National Health Service Corps. Federal funding is always uncertain. It is the hope of the Trustees that his practice will flourish and that Dr. Hernandez will eventually be able to remain at Mt. Mooselaukee Health Center in private practice.

Respectfully submitted,
Board of Trustees
Faith Mattison, Trustee
Mount Mooselaukee Health Center

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

GRAFTON COUNTY COMMISSIONERS' REPORT

We appreciate this opportunity to communicate with our taxpaying citizens through their annual town report.

The Commissioners are accountable to the public and taxpayers, and accordingly are extremely conscious of meeting the citizens' needs as economically as possible. Budget concerns are created by federal and state mandated programs and services without supporting funds or local control, and the increased demand for services. The Commissioners are following the pending legislation regarding settlement and assistance programs, and hope the towns are also involved.

Courtroom #2 was finished last summer and was dedicated on September 13, 1983. We anticipate a second judge in March, which should relieve the backlog and reduce the need for masters.

Counties experiencing transition into the new State Unified Court System, and should notice a decrease in expenses. The counties will have to "reimburse" \$2.75 million to the Unified Court System in 1985, which means approximately \$200,000 to Grafton County. We expect the counties will retain certain operating expenses: Probate Court, guardianship and appeals costs, Superior Court bailiff costs, and probably will provide court space, furnishings and equipment without remuneration.

On Commissioner recommendation, the Executive Committee appointed a Jail Study Committee to review the needs for the county correctional facility. The National Institute of Corrections made an independent study of the facility at no cost to taxpayers, and issued a report recommending minor changes, but indicating a good facility. Some attention is being given to the need for additional space, especially for "weekend" incarcerations.

Grafton County is involved in litigation in a retirement buy-back issue which could impact on all local governments in the N.H. Retirement System. Assessment on Grafton County in this one case could run approximately \$70,000 plus legal fees and could effect local governments.

Grafton County will be going through the budgeting process in May and June, with a public hearing on the Commissioners recommendations expected in mid-June; we encourage your attendance at the hearing to voice your opinions on the budget.

The Commissioners meet Monday at 9:30 a.m. at the Courthouse and at 12:30 p.m. at the Nursing Home. Meetings are open to the public.

Grafton County Commissioners

Chairperson
Richard L. Bradley, Vice Chairman

NORTH COUNTRY COUNCIL, INC. TOWN REPORT

Rumney is one of forty-three member towns that utilize Council services in community and land use planning and solid waste disposal.

In Rumney, under the direction of a Planning Board subcommittee, we are revising the Master Plan. With Rumney and other area towns, we have worked to organize a solid waste district and assisted on the waste-to-energy feasibility study.

The Council has provided information and guidance to several towns on the Community Development Block Grant, Urban Development Action Grant, and Farmers Home Administration Programs. The council is a partner in the Business Assistance to Northern New Hampshire Program, providing data to individuals and businesses interested in the North Country.

The Council participated in research and marketing efforts to increase the use of the Concord-to-Lincoln rail line and to maintain a schedule for rehabilitation of other regional railroad lines.

Other regional activities of importance include the coordination and establishment of eight solid waste districts. Council staff has assisted towns in developing work plans to assess their waste disposal needs and current methods and develop a 10-year plan. The Council has also surveyed local disposal practices for septage, estimated future needs, and will be recommending alternative disposal arrangements.

In community planning, we have assisted towns with subdivision regulations, site plan review and other local regulations. With the reorganization and slight revision of the state planning and zoning laws, we've been busy trying to keep planning boards informed of the changes and new requirements.

These are some of the highlights of the past year. We welcome your town's active participation on the Board and use of the Council's services and look forward to working on your behalf in 1984.

RUSSELL SCHOOL NURSE'S REPORT
1983-1984

As of October 15, 1983, Russell School students successfully met the State Immunization Laws, thanks to parents for following up on their children's immunizations, to the Pemi-Baker and Mooselauke Health Agency for sponsoring free immunization clinics.

On Sept. 28, 1983, Dr. Vona Lorenzana from the Mooselauke Health Center conducted physical examinations for 27 students in Grade 5 plus students who were new or who were participating in sports in Grades 6-8.

The pre-school vision and hearing clinic was once again held at the Plymouth Area School last spring, and will be held again this coming spring.

In addition to our fluoride program, a new dental program will be starting February 1, 1984, sponsored by the State Bureau of Dental Health. The program consists of a local dental hygienist coming into the school, examining, cleaning and applying topical fluoride. The program is voluntary.

Heights, weights, vision, hearing and lice checks are done with referrals going home only if a problem exists. In grades 5-8, blood pressure and scoliosis screenings are also done.

Health education is presented from time to time in the classroom on various health-related subjects.

Appreciation is expressed to all for their cooperation and support.

Respectfully submitted,
Linda Cowan,
School Nurse

RUSSELL SCHOOL PRINCIPAL'S REPORT
1983-1984

The school year for the children began September 6, 1983 following three days of in-service training for teachers, August 31, September 1 and 2.

A summer effort of extensive cleaning and floor care has the building in excellent physical shape. The heating plant controls and additional insulation work has reduced fuel cost and provided more efficient heating.

Enrollment has remained relatively stable for Grades 1 to 8 at 145 students. Only one faculty change took place this year. Mrs. Kathleen Foye, a graduate of Plymouth State College is the new third grade teacher.

Emphasis on math, reading, and new social studies topics in New Hampshire history has been the thrust of curriculum development. Under federal grants, written by the principal, four Apple II+ computers have been acquired.

Appreciation and compliments are extended to all faculty, support personnel, the S.A.U. administration, the School Board, and the community in helping to serve the interest of Russell School children, our greatest assets for the future.

Respectfully submitted,
Dr. Charles Lamontagne,
Principal

**EXPLANATION OF SUPERINTENDENT'S AND
ASSISTANT SUPERINTENDENT'S SALARY FOR 1982-1983**

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each Superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same...Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$32,940 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1982-1983 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$2,200 travel within the Unit was also prorated as stated above.

The salary of \$27,324 for the Assistant Superintendent during 1982-1983 and travel allowance within the Unit of \$1,700 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.
